We are Installers

Specialists in retail point of sale & fixture deployments, we'll get your PoS from A to B, faster than you can say 1, 2, 3. Our installers compile a full photographic report, before and after the installation and report back to us live, in-store.

We are sustainable

GO

CARBON

NEUTRAL

Colorworks International has already taken the 3 step process towards **Carbon Neutrality**. Using Colorworks International will help your installations have a limited negative impact on the environment and a **positive impact on the developing world**. Colorworks International;

1

Carried out a carbon assessment to evaluate their company carbon footprint

2

Created and implemented an environmental policy to further reduce its emissions

3

Contributed to a portfolio of carbon offsetting projects to neutralize its remaining emissions

4

Invites you to join them, simply select to offset your travel carbon emissions with every install.

Choose Colorworks International for your next installation and **ride the green wave** toward a carbon neutral future.

A woman with long brown hair and a man with a beard and glasses are looking at a laptop screen. The woman is wearing a dark green jacket over a white t-shirt. The man is wearing a light blue button-down shirt. They are in an office setting with a laptop and a glass of water on the desk.

We are Live Project Managers

No matter how big or small your project may be, our team of project managers will be on hand every step of the way. From the original briefing, to organising local access permits and store entry, your dedicated project manager will be your BFF. Whatever time of the day or night your install may be, we'll be there with you.

We are **Site Surveyors**

Are you manufacturing a window display built to measure? Need to know the widths of the access doors? Opening hours? Store managers middle name? We will conduct a full site survey or audit, depending on your requirements with results back in 48 hours.

We are

With in-country regional teams in almost every main European city, we can be where you need us to be, fast. It's probably quicker to tell you where we don't have coverage...
